1976 Dedication

After graduating from Salem State, Mr. Schlegel brought his academic and athletic spirit to Manchester! His strong mind and body and his gentle heart exemplified true dedication to Manchester. He immediately assumed the position of Mathematics department Head and Head Basketball Coach; later he became Head Baseball Coach. He has brought the Math Department to great heights and now is striving to go beyond that point. He guided the Manchester Basketball team from a "winless" 1958 season to a 1966 Championship team (what took so long?) Then retiring from Basketball he tried to accomplish the same feat in Baseball, where he first influenced us. His patience and quiet dedication to a "hopeless" Baseball team is a shining example of his initiative and "never say die attitude," which he carried over to the academic enrichment of his students.

His philosophy of taking an individual interest in each and every one of his students combined with his expertise in trivia of all fields has made him one of the most popular and admired teachers in our school. Although each one in the class of 1976 has not had the good fortune of having Mr. Schlegel as a teacher each member has profited in some way from his congenial personality and infinite wisdom. Because of his numerous and outstanding contributions academically and athletically not only to our class but to the entire student body we gratefully dedicate this 1976 edition of the Anchor to Mr. Herbert Schlegel.

There are places
I'll remember
— all my life

Though some have changed,
Some forever not for better,

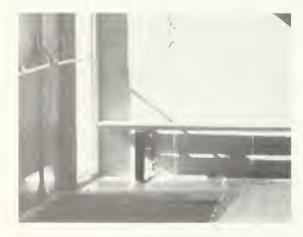

Some have gone

and some remain

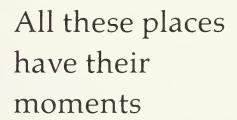

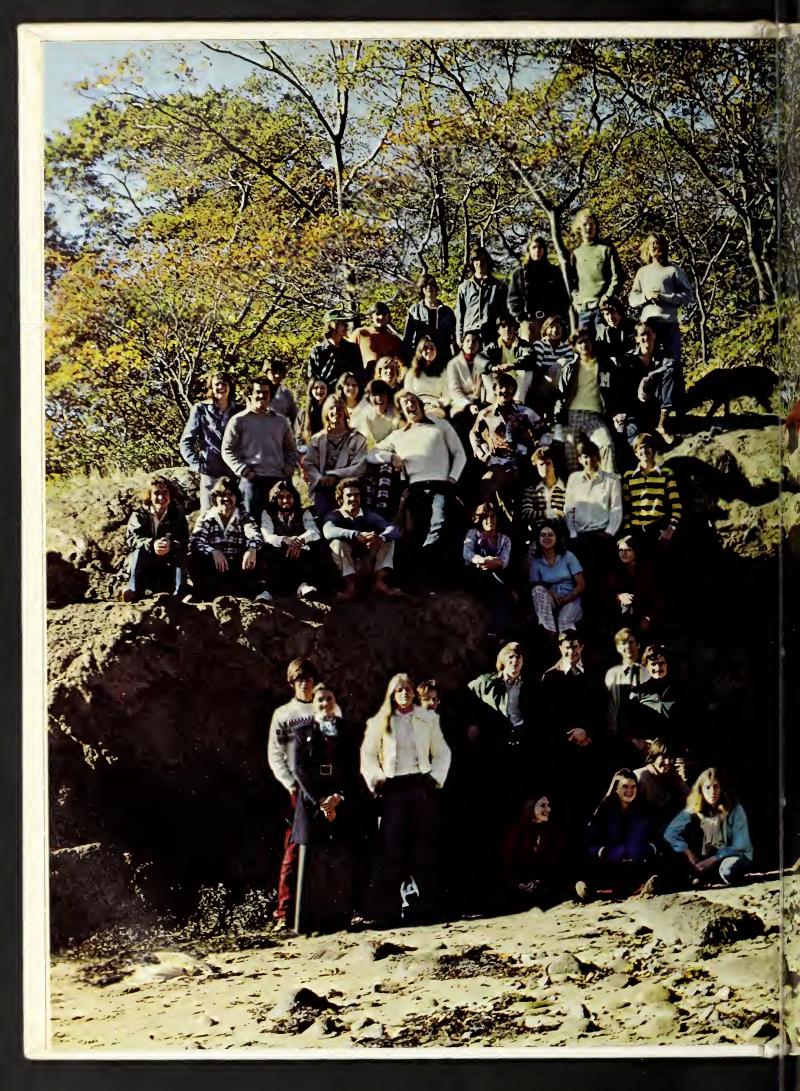

With lovers

and friends

I still can recall

Some are dead

and some are living

In my life

I've loved them all

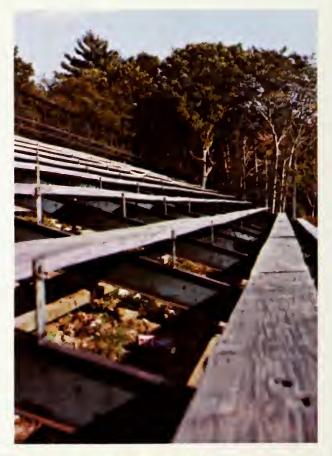

All these memories have their meaning

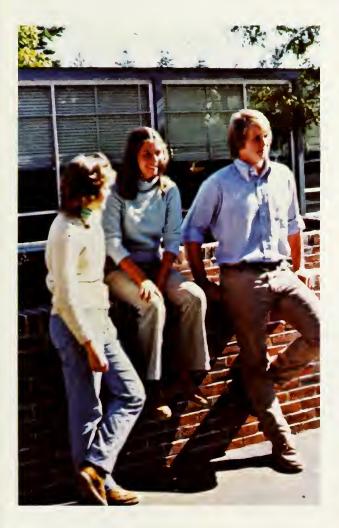

Though I know I'll never lose affection

The people and things that went before

I know I'll often think about them

All my life

FACULTY

Dear Graduates,

"Diploma" is defined as a writing conferring some privilege, honor, or power. As a nation, our country struggled and labored long for its first diploma - The Declaration of Independence. Members of the Class of 1976 proudly receive their diplomas in the Year of the Bicentennial.

Along with my sincere congratulations, may I remind you of your great responsibility in finding and keeping a healthy balance between commitment to the individual and commitment to the group. Excessive concern for one's self is to be avoided, so too is extravagant attention to ''society.'' We must nurture the growth and protect the inalienable rights of the individual. We must, at appropriate times, and in appropriate ways, compromise and sacrifice for the group. There is indeed ''unity in strength,'' but we must not ''gain the whole world and lose our own soul.''

Also, it will be your added responsibility to reaffirm the will to govern and be governed. In the aftermath of all the scandals of our recent past, it is understandable, but dangerous, to mistrust all leaders. Decent, sensitive, compassionate young people must not turn from leadership roles. Nor must they indiscriminately attack all leaders for the resulting anarchy will last only a moment. The vacuum will be filled all too soon with totalitarian methods. Each must say, ''The buck stops with me.''

Sincerely,

FOSTER H. BALL Superintendent of Schools

The greatest progress in the mathematics department has been in the variety of its offerings. At the moment programs are available for students planning careers in both the scientific and non-scientific professions, in the technical areas, para-professional fields, and the trades. Remedial programs have been instituted for those requiring special assistance, and enrichment opportunities are present in the form of mathematic teams at both the senior and junior high level, and an evening seminar in mathematics-science. Occupational competence and other career oriented, laboratory based, science-mathematics courses are currently operating. These programs are available for students from grade 8 all the way up to grade 12.

M.H.S. science teachers extend best wishes to the Class of 1976, a class which has always sparkled with science superstars!

This year we welcomed Mr. Allison, pinch hitting for Mrs. Coleman while she pursues study in Biology. He taught the Micro and Anatomy classes, in which we had our highest enrollment.

Mr. Costello is proud of our new revised Chemistry program, while our advanced biologists continue to roam the countryside under the expert direction of Mr. Ryan. Our I.P.S. 8th graders were treated to the inner world of programmed instruction using a variety of A.V. equipment and ear phones.

It was a very good year in the Science Department and we look forward to many more!

In 1975-1976, the English Department has continued to offer a wide variety of courses and approaches to meet the needs of the whole student body. The restructuring of optional electives in grades eleven and twelve, the development of an occupational competence program in grade nine, and the re-examination of our achievement in reading skills all reflect our fundamental concern with providing a unified, challenging, and exciting program for all students.

The goals of the English Department remain substantially the same: to help students think, read, and write correctly, and to provide an intelligent basis for future experiences with language and literature.

The Social Studies Department has continued to change to meet the challenge of the times. The required American History Course has been moved to the Sophomore year in order to clear the way for a program of Junior elective courses to begin in the 1976-77 school year. We expect to present a wider variety of interesting and meaningful courses.

Courses continued to be structured to aid in the development of skills and knowledge for college-preparatory students, with several courses offered to meet the needs of the general student.

The Social Studies Department congratulates the Class of 1976 as one of the most outstanding in Manchester's History.

Innovative best describes the Industrial Arts Program this year at Manchester Junior Senior High School. Boys and Girls in the junior high have been exposed to a multi-dimensional approach to Industrial Arts Education. Mini units in general woodworking, welding, graphic arts, and plastics have been offered in order to increase student awareness of modern industrial processes.

The Business Education Department at Manchester High School comprises those aspects of business that are of concern to students in order to prepare them to live and work in our business oriented society.

This year a new course has been added to the others: Distributive Education.

This is a first year program, that offers to the student a cooperative work program where they attend classes in distribution, retailing, and merchandising in the morning (along with Math and English), and view work at a related job in the afternoon.

This course is set up so that a student may experience a job situation that is entirely people oriented, leaning toward the humanistic side of work.

Each year, the Art Department is seeing and enjoying an increased number of students selecting Art as their elective.

The Crafts, especially Ceramics, has become increasingly popular. Many independent Art students are experimenting in areas of Animation, Fabric Design, Sculpture, and Weaving

Student Art shows are held twice yearly, in conjunction with the Music concerts during Christmas and Spring. A selection of Jr. and Sr. High Art projects are displayed, and demonstrations are performed, by some of the students. The public is always invited to attend these shows and visit the Art Department

Student Personnel Services are provided for all students with the purpose of helping each student get the most out of his school experience. These services include the areas of health, guidance, speech and special education. Through these services, Guidance tries to help each student achieve self direction and self realization through personal, educational and vocational counseling, individual and group testing, educational and career program planning and placement. The Student Personnel Services department extend their congratulations to the class of 1976 for their outstanding excellence in the academic achievement, leadership and service to the school.

During the present century, the extensions of man have grown significantly through the dynamic increase of communication systems. Although the printed word remains the most important means of expression and thought, a variety of other media have now made it possible for man to gain a greater understanding of the mysteries of life and the collected knowledge of past civilizations. And so it is that this area which houses a vast array of instructional materials shall be called the Educational Media Center as the name most appropriately identifies the function of this facility in the present approach to learning.

The Writing Lab Program is an effort by the English Department to give 9th and 10th grade students individual help and encouragement with writing and the outside reading requirements. The Writings Advisors: Mrs. Crosby, Mrs. Donnellan, Mrs. Earle, Mrs. Kinder, and Mrs. Randolph work closely with the English class teachers in grades 9 and 10 to give students additional practice and instruction in reading and writing skills.

The 1975 Spring Show was the award-winning musical comedy, Pajama Game by R. Adler and J. Ross. The performances were the culmination of much time and effort, and were deservedly wellreceived. Under the direction of James Kitendaugh, the cast performed at its best. The audience applauded once more a well executed high school production.

To benefit the Scholarship Fund, the Manchester Teachers' Association presented Jane O'Brien's adaptation of THE WIZARD OF OZ. With a minimum of rehearsal and a maximum of fun, the teachers of both schools produced an enjoyable show. Memorable performances were done by Pam Mason as Dorothy, Maryellen Radcliffe as Toto, Jim Gilligan as the Scarecrow, Dick McDonald as the Tin Man, our own Herb Schlegel as the Cowardly Lion, and the Wizard was played by none other than Coach Field.

In the four years of interscholastic competition, the Manchester Debate Team has developed into a major force in Eastern Massachusetts Debate. The team has won top speaker, two-person, and four-person team awards in all of the tournaments it attended. Through February, the team had won 23 trophies. This performance almost matches the total winnings of the previous three years.

In addition, the team sponsored the second Annual Manchester Debate Tournament, which brought together schools from Eastern Mass. and Maine.

The High School Drama Club, though only in its second year, has come a long way. The club has been very active in and out of school. Though we regret the loss of our advisor, James Kitendaugh, we wish him success in his career in the theatre. Due to his departure, the actual productions were fewer this year but the participation and enthusiasm continue and prove the necessity of theatre.

This year the Student Council has made many changes in all facets of Student Government. The Council with the overwhelming approval of the student body, has eleminated the ten percent activity tax, and is on a NOW account system.

The Student Council has also successfully petitioned to the faculty, allowing all students to play cards in study hall. Presently, the Council is working on five different projects dealing with the Media Center, the cafeteria, the revision of the Constitution, the establishment of a committee to investigate inconsistencies within departments, and an all school poll is being prepared for presentation to the student body. The Math Club is designed to generate interest and understanding in mathematics. To reach these goals, the Math Club is part of the Massachusetts Mathematics League, consisting of 42 schools, which hold meets each month at surrounding schools. The Club is open to all in the tenth, eleventh, and twelfth grades.

The Grade 7, 8, and 9 Math Club has participated in monthly meets with Marblehead, Peabody, Hamilton-Wenham, Swampscott and Saugus. We are new in the league and are in the process of building a good team.

This year the Sophomore Class worked hard together to initiate and complete several fund-raising activities. A large majority of the class participated in events such as bake sales, a dinner, and dances, along with a profitable calendar sale. During the last weeks before Christmas vacation we prepared for the annual Songfest. Our performance included a variety of songs in different languages: Hebrew, Latin, and English. We were received well.

The class officers: Jay Chouinard, Joseph Willwerth, Anastasia Brown, and Beth Anne Rooney worked to make this year even more successful than last year. They organized and planned each activity with the help of our efficient advisors: Mr. Bachini and Mrs. Burt. Their combined effort made it possible for us to accomplish all we did. We wish to thank all who helped us and hope you continue your support in the next two years.

10th reunion of the class of 1976

The Class of 1976 has gathered here at the Home-of-Wacks to celebrate our tenth reunion. Scott Cooke has designed the new function hall that we are functioning in. Gee Scott, it's very functional! Nancy Jenner did a lovely job decorating this evening. She got everything from her Art Boutique. Entertainment for the evening is provided by Keith Rose, John Demarkis, and Dan Sonder who are now International Rock Stars. They only charged us ten thousand dollars. Bill Dalton provided lobsters from his business for tonight's dinner. They were just delicious, Bill.

Many of our classmates have not seen each other since the summer of '76 reports Tom Winn who is covering this unique reunion for the Boston Globe. We have heard facts, rumors, and down-right lies about the pursuits of life each and every member of our class has chosen. Our medical force is comprised of Dr. Mike Bonney who is yelling at his two nurses Sarah Allen and Sue Wilkinson to either shape up or they will be outward bound. Attorney Karyn Esielonis is defending psychiatrist Laurene Fusco in the malpractice suit brought against her. She won't divulge the crucial evidence yet about what really did happen on that couch. Another doctor of the mind with us tonight is Matt Gauthier whose specialty is numerology. This fine medical team has practiced on some of our more prestigious athletes. As a matter of fact, here comes Karen Smith and Bill Bernson. They both appeared on ''Battle of the Sexes'' last week. Karen is scoring high, yet the finals aren't until next week. Leslie Perry and Alex Magoun have returned to Manchester to bring fame back to M.H.S. Cross Country after winning gold medals in the 1984 Olympics in that event.

Bob Gibson and Art Anderson have just finished construction of a direct line tunnel between Manchester and Bill and Bob's for pedestrians only. Clyde Hall owns his own carpentry business. With the aid of his lovely wife Joanne doubling as his executive secretary, Clyde built Jeff Anthony a boarding house for ''Little Wanderers,'' although Jeff primarily specializes in the care and feeding of young ladies. The Distributive Education Class became so lucrative that the BOOKSTORE is now a world-wide franchise. There is even a branch store at Christian Dior PARIS. Lorri Chouinard designed the new Campus Nitee modeled by photogenic Paula Forward. Melissa Anthony and Sue Kane critique the new fashions, and advertising is handled by Diane Gibbon and Sue Marshall. What is your secret girls? ''Collages!''

At M.H.S., Kim McDonald plans on turning in her Adv. Bio. project along with her book by 1990 to Jeff Davis who recently replaced the irreplaceable Dave Ryan in the Science Department. Who's that trench-coated beauty? Angie Dickinson? No, it's our own Carolyn Davis. Carolyn is assigned to undercover duty in the girls' room. John Kos, ''Janitor in a Drum,'' is still in hot pursuit on the trail of Carolyn. Abby Egan runs a class at M.H.S. for sophomore boys who want to learn how to talk to ''Women.'' Patty Madden could not be with us tonight due to the new night-time soap opera ''As the Candle Burns.''

Ann Traverso just can't stop looking for those cavities. Scott Milne is tending bar tonight. He argued his way to the top - President of ''Beer King'' in Milwaukee. Jay Bishop is collecting unemployment, thereby fulfilling his high school dreams. Doug Kimball, Pat Hannah, and Jeff Burgess have acquired and expanded Standley's Garage into a duplex double-decker auto center. Dan McKinney is again forced to do their dirty work. Being an unsuccessful businessman, Steve Lear has brought back the ''Elvis'' look and is making a fortune.

Luke Brown just sailed in from one of his ''frost-biting'' excursions. He is on leave from the Coast Guard. The crowd parts. Out rushes Glen Lemay, here one second, gone the next. Oh well, see you next time Glen. Raul Bernson, whose life ambition was to be a Green Beret, has had to compromise his desire a bit . . . he is presently a girl ''scout' of America. At least the hat is the same!

But soft, what light through yonder doorway breaks? 'Tis Ted ''Hamlet'' DeMille. He delayed in making his reservation since he couldn't decide whether ''to be or not to be'' here tonight.

Gardner Gerry will be the first man to fly to the moon in a homemade spaceship next month. Speaking of flying, Astronaut Richard Purser finally made it here. He claims to have had trouble with his moon unit. We suspect he needs a transfusion.

Some of us wonder what the class intellects have been up to. Glen Lucas beat out Bobby Fisher for the World Chess Championship. Susan Landy refused to join us from her mountaintop retreat where she composes poetry. Lisa Parrish has broken the world record by playing 10,000 straight games of Backgammon. Poet and naturalist Steve Heffron has recently completed the longest poem to date. It weighs fifteen pounds and has more than 5.6 million words. That's quite an achievement, Steve. We hear you are submitting it to the Guiness Book of World Records. Alan Kirby just arrived with the cartoons for the 1976 yearbook. A little late, Alan. On the biological aspect, Kris Wilson and Bob Dame opened their own biological storehouse for fruitflies. Sarah Willwerth outdoes everyone once again. Fifteen in the brood now, Sarah? Anne Gilmore is studying the biological aspect of carbonation in salt water.

Glen Mulcahey and Bob Calef would have joined us tonight but no sight or sound has been heard from them since they departed for Project Score on March 20, 1976. Sue Shaw finally gained financial independence last month when she moved out of her parents' house. Patty Provost is quite happy with her newly opened school on Lake George for handicapped children. Karen Cranell is a bilingual businesswoman. She is president of her own airlines. Que pasa Karen? Leslie Burgess, after 10 years, is still fulfilling her ambition to go to a four year college. Katy Moroney and Kathy Hardwick skipped the class reunion but we won't charge them for a cut.

Mike D'Epiro has been denounced from his presidency of "D.U.C.K." - Delegated Union of Chiropractic Kooks - It is common knowledge that he is a quack. Semi-retired Jamie Bruce is a part-time dealer. Got any stuff? Chris Cool, owner of "Haw-Key-Puck Laundry" brought Bill Maijenski's extensive wash to him tonight. In return for this service Bill gives Chris' siblings free lunches at M.H.S. The "unit one" vehicle arrives with Tom Howarth who inherited Frank Perdue's turkey business. Jim Burnham is here - somewhere and somehow! Doug McCorrison has opened a new line of men's wear - all solid colors, specializing in banana yellow. Bill Walsh walked in with his saxophone. He is now head conductor for the New York Symphony.

Diane Kelley is now a jet-setter in Europe, jumping from resort to resort with companion TM leaving much business behind her. Business Administrator Paula Field wanted to give a talk on economics this evening, but had to play second fiddle for Dan Sonder's band. Stephanie Sears seems rather sullen tonight. It's common knowledge that she messed up the steno in the biggest trial of the year. Sue Nickless and Kathy Curran have been operating a YMCA Day Camp. Kathy Renehan runs a chain of Sundae Cottages and we're all invited to a buffet there later. Peter Nestorsson has become a U.S. ambassador from Sweden. He attributes this career to his valuable experience in Manchester. Mike Marshall has become a sidewalk attendant in front of the electric company.

Trish Harris, Champion Heavyweight and intellectual, has just come out with a new book entitled "Food for Thought." It can be obtained at your local Bill and Bob's. Scott Hiller moved out west to tend sheep and to run a ranch. He wants to be a mountaineER, not a HillER. And last but never least, upon graduating from High School, Tom Atwater our illustrious and beloved leader, was elected to sit at God's right hand.

Members of the 1975 Manchester Baseball Team set a standard of excellence, and proved desire and hard work are rewarded, when they won the Cape Ann League Championship. This closely knit team which had seen many defeats in previous seasons, became mature winners. Led by two sets of brothers, a strong senior pitching staff, and a group of dedicated juniors and seniors, the team immediately established itself with an opening win at Masconomet. Later the team clinched the East Division Title from Hamilton-Wenham, and the Cape Ann League title from Newburyport, with identical 3-2 victories. It was a season of excitement and proud moments for worthy sportsmen who brought honor to themselves and their school.

The 1975 Manchester Girls' Softball team once again displayed their talent. Even though they lost their first game against Newburyport they more than made up for it by winning their 12 final games and becoming the Cape Ann League Champs. They were seeded fifth in the State Tournament, won their first game against Belmont, but lost the second game against Gloucester on their home field with about 350 spectators watching the exciting game.

The Hornets had four players named to the All Star Team. They were Karen Smith - Outfielder, Amy Congdon - Pitcher, Faith Sullivan - Catcher, and Hope Sullivan - Infielder.

The Junior Varsity Softball team enjoyed an outstanding season, led by Coach Twombley and her Co-capts. Sharlene Fusco and Kathy Kelley. The team's record was 8 wins and 4 losses. Even with such a large squad, everyone played and had terrific attitudes. With such strong hitters and pitchers, the majority of the games were won by large margins. Hopefully, next season will be as successful.

BACK ROW: Tim Sears, John Radack, John Bachman, Jeff Snow, Mr. Masiero, instructor. FRONT ROW: Bill Dalton, Gardner Gerry. Missing John Kos.

Last year could be considered a building season, as the team lost most of its starters from the year before. However, this year, only one senior has been lost, so a more powerful team is expected, and Coach Guido Masiero hopes to improve on last year's 2-11 record.

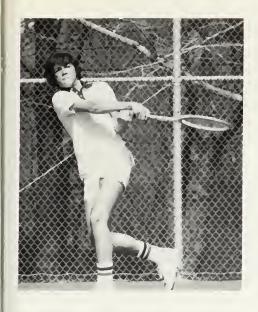

The Boys and Girls Tennis Teams had a very successful season. In the Boys' first year of Varsity competition in the Cape Ann League, Manchester won the East Division Championship with a 7-1 record. The team coached by Mr. Hardy Nalley, was made up of Billy Ina, Rob Audano, Damon Coons, Andy Textoris, Jeff Bishop, Phil Stirgwolt, Chris Davis, Daryl Zeltzer, Gabe Bernson, Greg Textoris and Scott Davis.

For the second consecutive year, the Manchester High Girls' Tennis team proved themselves champions of the Cape Ann League. Under the superb instruction of Dale Temple, who was in his first year as coach, the team posted a scintillating record of 9-0, soundly overpowering all their opponents. Cheryl Preston displayed outstanding tennis for the girls and later established herself as

the CAL singles champion. The team included Katy Wogan, Cindy Thompson, Joanne Snow, Lynn Textoris, Debbie Bullock, Patty Atwater, Gael Donelan, Edna Mae Glass, Cheryl Preston, and Susan Brown.

FRONT ROW: S. Hiller, S. Heffron, M. Bonney, K. Rose, S. Milne, B. Bernson, J. Anthony, C. Hall, A. Kirby, J. Kos, P. Nestersson, D. McKinney, R. Bernson, B. Calef, M. D'Epiro. Maroney, C. Geary, Coach Yavner, TOP ROW: M. Rodier, R. Brown, S. Cousins, D. Burke, R. O'Brien, J. Collens, B. Pasek, B. Ina, C. Hatch, S. Rodier, J. Manos, J. Snow, Coach Slade.

In what can be termed a most "exciting season," the 1975 Hornet Football team finished with a 5 win - 5 loss season. Two of the 5 losses were by one touchdown and one by a single point. The hornes played their finest game in defeat, against Southeastern Reg. High for the Mayflower League Championship.

Football is a game of individual dedication and strong team unity. If championships are not won, or undefeated seasons are not accomplished, all is certainly not lost. The 1975 Hornets learned many lessons and will live with so many memories - The upset over Apponoquet - The ever so close loss with West Bridgewater - the inspiring victory over Blue Hills - The sensational effort to upset Southeastern - The great Senior Skit - the fine seniors that have so much to be proud of in their long careers in Manchester Football.

The Junior Varsity had a fine season also. Their great 4 win and 2 loss record leave nothing but fine football figures for all players involved. Coaches Slade and Kelley give credit to great enthusiasm and dedication for their fine season. After beginning with a loss to powerful Gloucester, they proceeded to defeat Nantucket, Northeast Reg., Tyngsboro and Blue Hills. Then concluded with a rain soaked loss to Southeastern.

Next year's Varsity Team promises better and more exciting things with ten returning lettermen and a host of J.V. veterans and a fine core of Freshman players; it could be the year of the ''Hornet.''

The 1975 Freshman football team was one of the best yet compiling a 4-2-1 record for the season. One loss and the tie should have been both victories for the Hornets dominated both games. The strong Freshman team defeated all of the Mayflower League teams easily. Because of their desire and dedication, the football program ahead will be full of nothing but bright days.

The 1975 Cross Country season record for Cape Ann League Competition was: Boys 7-5-1; girls 6-6-0. These records in a very competitive league were the results of both months of individual training and team practice.

The team wishes to thank all those members of the high school community who gave their support in 1975.

Manchester Girls Field Hockey team had a very successful season this year. The girls finished their season with a 7-4-1 record.

The Junior Varsity also had a fine season, with 7 wins, 1 loss, and 4 ties.

REAR: Lisa Day, Beth Cullinane, Pam Stevens, Tricia Field, Shelly Nataloni, Julie Harrington, Kathy Willwerth, Lisa Wielgorecki, Lisa Karas, Tina Heffron, Coach Diane Coons, FRONT: Gael Lance, Laurel St. Clair, Beth Davies, Laurene Fusco, Susan Walsh, Kathy Kelley, Debbie Radack, Debbie Peterson, Peggy Willwerth.

FIRST ROW: Mike Bonney, Tom Howarth, Tom Atwater, Steve Nicol. SECOND ROW: Coach Nalley, John Kos, Scott Hiller, Luke Brown, Bob Gibson.

The 1975-76 edition of the Manchester Basketball team brought respectability back to Manchester basketball. They finished with a record of 11 wins 7 losses, and qualified for the state Basketball Tournament. This feat produced the best record since 1967 as well as participation in the Tournament for the first time since '67.

The Hornets were led by Captain Tom Atwater, an excellent ball handler, dribbler, passer, and team leader. Tom averaged 10 points per game. Luke Brown led all scorers with 313 points, and rebounding with 200. He finished 4th in the Cape Ann League in scoring. Luke and Tom were elected for the Cape Ann League All-Star Team. John Kos was the second leading rebounder with 129 rebounds and played an all around game. Clyde Hall, with the new defensive link, helped the team with his on the court leadership. And the surprise of the season was Bob Gibson scoring 200 points, and being a fundamental player. Sophomore Steve Nicol did a great job helping out all year, especially in the big upset over Ipswich. The bench led by a defensive specialist Tom Howarth, and the high point man at Hamilton, Scott Hiller, and the very steady Mike Bonney, and Dead-Eye Art Anderson. All did a great job throughout the year.

FRONT ROW: John Herrick, Joe Willwerth, Josh Collens, John Reuter. BACK ROW: Coach Horvath, Dennis Richardson, John Bachman, Jason Brown, Rusty Brown, Bill Ina.

The 1975-76 Junior Varsity Basketball Team completed a successful season by winning their last four games and five out of their last six to secure a winning 10-8 record. The most impressive victory in this streak, was their hard fought two point victory over a strong North Andover team. Hard work, spirit, and improvement were characteristic of this squad. As the nucleus for the next year's varsity team, they are anxious to continue this year's success.

FRONT ROW: Lisa Weilgorecki, Joanne Snow, SECOND ROW: Diana Doucette, Janet Seekell, Lorri Lansingh, TOP ROW: Kim Huber, Isabelle Hammer, Carol Kehoe, Beth Piergrossi,

"Quick, take the picture"

FRONT ROW: Lisa Karas, Lisa Brown, SECOND ROW: Lisa Herrick, Nancy Ina, Karen Lloyd, Terry Hyland, TOP ROW: Debbie Radack, Shelley Nataloni.

REAR: Coach Tom Donovan, M. Dickman, S. Richardson, T. Schanley, J. St. Clair, B. Collela, D. Bell, Asst. Coach John Givens. FRONT: C. Brown, D. Coons - co-capt., P. Nasser - co-capt., D. Forsley.

Led by Co-captains Derek Coons and Paul Nasser, the Freshman Basketball team finished the season with a 5-9 record. Although this was a losing record it was a very rewarding season in the sense the boys showed vast improvement during the season and finished strongly with 3 straight wins. Paul led the team in scoring and rebounding, while Derek led the team in assists and was runner-up to Paul in scoring. Jim St. Clair also has a fine season finishing second in rebounding and third in scoring. Highlights of the season were wins over North Andover, Hamilton-Wenham, and Rockport the last game of the season by 15 points. The Hornets led by 15-20 points throughout the game.

This year's team won five games and were in reach of a winning season. (4 games were

winning season. (4 games were lost by 6, 6, 4, and 3 pts.)
Although the team as a whole did not ''blossom'' as anticipated their win-loss record improved, the team's scoring improved and the opposition's scoring was lower.

Overall, the girls basketball program is definitely on the ''up swing.'' New uniforms added a sparkle, programs for 7th and 8th grade girls were started, intramurals were started, and the J.V. team and season were much improved. All of these are very positive factors which will contribute to the overall improvement and future success of the teams.

Season Record Wins - 5 Losses - 12

FRONT ROW: Patty Walsh, Sarah Willwerth, Karen Smith, Amy Congdon. BACK ROW: Kathleen Kelley, Faith Sullivan, Nancy Gillis, Hope Sullivan, Kathy Willwerth.

FRONT ROW: Shelly Nataloni, Julie Harrington, Caroline Hardwick, Leggy Willwerth, Kelly Burbank. BACK ROW: Susan Hatch, Barbara Creed, Lisa Juell, Pauline Renehan, Leanne Morabito, Kathy Smith, Kathy Wallace, Coach.

The J.V. basketball team had a successful year ending with a record of 8 wins and 9 losses. With the height of Lisa Juel, Pauline Renehan, and Nancy Martz, we had a strong rebounding team. The key to our success was the number of returning ball players from last year's J.V. team and our new coach, Kathy Wallace.

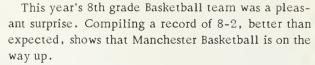

Overall team hustle and togetherness enabled this team to defeat teams who were quite bigger than we were.

This team has had a 2 year record of 21-6 and for the future shouldn't lose.

Team members were T. Bullock, J. Borel, D. Cook, J. McKinley, D. Greene, J. Lance, J. Kirker, M. D'Angelo, R. Silva, B. Melvin, J. Parrish, B. Hoff, R. Ambrose, D. Singleton, and Managers Mike Maroney and Owen Freeman.

The Seventh grade Basketball team during the '75-'76 season consisted of the following members: Centers Peter Doucette, David Martz. Forwards Fitz Lufkin, Mark Gilmore, Jeff Schanley, Brett Pasek, Richard Renehan, Dana Harlow. Guards Mike Chapman, George Parkhurst, Gary Bates, Chris Plante, Randy Fritz and John Hannah. The manager was Bill Coburn assisted by Jim Gillis and Allen Riemersma. Coaching was done by Mr. Gagnon. The overall team record was 5-5.

The 1975 Junior-Senior Prom was held again at stately Castle Hill. The couples and guests were captivated by the elegant atmosphere. The starlit night served to enhance the evening with all its splendor. Handsomely attired escorts danced the evening away with their attractively gowned ladies. The evening was enjoyed by all.

TO THE CLASS OF 1975

Graduation plus Six Months: The weather has changed, the class has scattered and come together again at parties and reunions at school during the Holidays. The solid impression is that the great majority of you have made a good adjustment at college, on the job, in whatever new activity you began after graduation.

You are happy with your post-high school choices, very aware you must work hard to succeed, determined to do your share to make the world better, but not blaming others for the seemingly overwhelming problems of our world, and not assuming that yours is the only answer.

You are at home in the world and in Manchester, and there is a feeling of family between us and we are glad.

Richard C. Howland

The 1975 Academics Awards Banquet was held on June 4 to honor outstanding scholars. Many 1975 graduates received awards. 1976 seniors who received were: Diane Kelley - The Herbert Hahn Memorial Book Award, Tom Atwater - The Harvard Prize Book, and William Dalton - Societies of Actuaries Math Award.

Mr. Herbert H. Hahn

Two roads diverged in a yellow wood, And sorry I could not travel both And be one traveler, long I stood And looked down one as far as I could To where it bent in the undergrowth;

Then took the other, as just as fair, And having pehaps the better claim, Because It was grassy and wanted wear; Though as for that the passing there Had worn them really about the same,

And both that morning equally lay In leaves no step had trodden black. Oh, I kept the first for another day! Yet knowing how way leads on to way, I doubted if I should ever come back.

I shall be telling this with a sigh Somewhere ages and ages hence: Two roads diverged in a wood, and I -I took the one less travelled by, And that has made all the difference.

- Frost

In Memoriam

Mr. Herbert Hahn chose the road not taken and dedicated eleven years of service to his students. He enraged classes and enlivened students, always an abounding source of energy. Herb Hahn never ceased to instill Thoreau, Frost, and Shakespeare in the hearts of his pupils.

Mr. Hahn left a successful business life and devoted himself to teaching - that has made all the difference. He lives in the memories of all who knew him, and will become a legend at M.H.S.

CHRISTINE MOHR

There are so many songs in her that never will be sung
I can taste the bitter taste of tears
upon my tongue
The leaves are turning colors and soon
it's going to snow
She got the urge for going
And I had to let her go.

TO THE CLASS OF 1976:

For the first time in many years, a graduating class is smaller in numbers than its predecessor. However reduction in size does not mean reduction in accomplishment. Because of your generally modest, unpretentious style, some have been surprised by your achievements.

Particularly noteworthy is your academic record. The Class of '76, 85 students strong, has the best Manchester record ever in National Merit Scholarship Competition: 2 Semi-Finalists and 8 Commendations. Eighteen of you have a cumulative average of 4.00 or better. Sixty-five percent of you have applied to four-year colleges.

Your class has been well represented in athletics and in extra-curricular activities, especially drama. I believe you will find your present contributions here but an indication of genuinely significant performances to come in our larger world.

For your commitment to excellence, for the positive, pleasurable surprise you have been to all of us, my sincere thanks.

Keep It Green,
